

5mL Diamond Midi™ Centrifuge Tubes

An efficient and economical alternative to 15mL conical tubes when working with sample volumes between 2.0mL and 5.0mL.

With the same diameter and conical shape as 15mL tubes, these shorter 5.0mL midi centrifuge tubes:

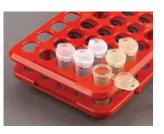

- Reduce total cost to the lab for purchase and use
- Reduce environmental impact during production and disposal
- Require no special equipment or racks
- Reduce pipet shaft contamination since there is no need to insert the pipettor barrel into the tube to retrieve samples
- Available non-sterile or sterile and are RNase, DNase and pyrogen free
- Spin up to 25,000 x g when used with proper support in appropriate rotor

5mL Diamond Midi™ Screw Cap Centrifuge Tubes

- Single turn threaded caps seal easily and securely
- Graduated in 0.5mL increments
- Available sterile in bags or foam racks and non-sterile with tubes and caps packed separately
- Suitable for use from -86° to 80° C for low temperature sample storage, general laboratory uses, or boiling procedures
- Polypropylene (PP) with polyethylene (PE) screw cap

Item #	Description	Unit
111580	With red screw cap bagged separately,	500
	non-sterile, 100 each/bag, 5 bags each/case	
111580RS	Racked with assembled red screw cap,	500
	sterile, 50/rack, 10 racks/case	
111580S	Bagged with assembled red screw cap,	200
	sterile, 20/bag, 10 bags/case	

All 5mL centrifuge tubes fit great in our popular low-profile grip rack (see reverse for ordering information)

Tubes shown actual size

111580RS — Sterile in foam rack

See reverse for Diamond Midi™ snap cap and locking cap centrifuge tubes >>

5mL Diamond Midi™ Snap Cap Centrifuge Tubes

- Provides convenience of 1.5mL microcentrifuge tube in a tube that holds larger volumes
- Attached snap cap facilitates one handed operation
- Pierceable cap allows easy access by needle or syringe
- Dual graduation scales in increments of 0.5mL and 0.2mL enable more precise measurement when required
- Suitable for use from -86° to 80° C for low temperature sample storage and general laboratory use
- Seven color options
- Polypropylene (PP)

Item #	Description	Unit
111578	Non-sterile, natural, 50/bag, 4 bags/case	200
111578A	Non-sterile, amber, 50/bag, 4 bags/case	200
111578B	Non-sterile, blue, 50/bag, 4 bags/case	200
111578BLK	Non-sterile, black, 50/bag, 4 bags/case	200
111578G	Non-sterile, green, 50/bag, 4 bags/case	200
111578R	Non-sterile, red, 50/bag, 4 bags/case	200
111578Y	Non-sterile, yellow, 50/bag, 4 bags/case	200
111578AST	Non-sterile, assorted, 50/bag, 4 bags/case	200
111578S	Sterile, natural, 20/bag, 10 bags/case	200

5mL Diamond Midi™ Locking Centrifuge Tubes

- Maintains sample integrity with locking cap which prevents accidental cap opening and evaporation during centrifugation
- Suitable for centrifugation, boiling, incubation, freezing and sample storage
- Optimally clear USP Class VI medical grade polypropylene
- Manufactured in a class 100,000 clean room and certified to be free from RNase and DNase, Human DNA, pyrogens, PCR inhibitors, and ATP
- Tubes feature graduations, writing area, pierceable cap, are autoclavable, and are packaged in zip, re-closable bags

Item #	Description	Unit
111582LK	5.0mL, polypropylene (PP), natural	100

Low Profile Grip Racks

- Polyoxemethylene (POM)
- Autoclavable
- 50-place (5 x 10 configuration)
- Accommodates additional tube sizes up to 17mm

Item #	Description	Unit
456920	Autoclavable grip rack, blue	Each
456921	Autoclavable grip rack, orange	Each

ALL NEW!

5mL Diamond Midi[™] snap cap centrifuge tube colors (amber not shown)

Locking microcentrifuge tubes are also available in 0.5mL, 1.5mL & 2.0mL sizes. Please call for details or samples.
