

Oxford Accupet EVO

Single and Multi Channel Pipette

Oxford Lab Products
Accupet Evo Single Channel Pipette
Product Overview

Volume lock setting to prevent accidental volume drifts

Made using highly durable material for corrosion and physical shock resistance

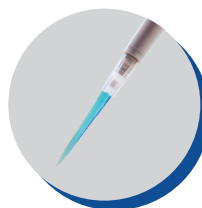

Highly durable PVDF tip cones

Magnetically assisted piston for precise and consistent results

Innovative spring and seal design for one of the lowest plunger forces for a fatigue free experience

Universal tip compatibility

Corrosion resistant tip ejector with a unique shock absorbing mechanism

Oxford Lab Products
Accupet Evo Multichannel Pipette
Product Overview

Volume lock setting to prevent accidental volume drifts

Ergonomic design with proper weight distribution

Highly durable PVDF tip cones

Spring-loaded tip cone for less strain & proper tip fitment for precise pipetting

Color coding for easy identification

Large and clear 4-digit display

Fully autoclavable
